Not all classes are offered at each High School. Course names may vary under Elective Course Areas and Career and Technical Education Programs.

Student Fees are adopted annually by the FUSD Governing Board at a public meeting after notice has been given to all parents of students enrolled at schools in the district.

The Governing Board grants authority to the principals at each school to waive the assessment of all or part of any fee if it creates an economic hardship for a specific student. FUSD parents and families with an economic hardship should contact the school principal. Fees for ESA students may not be waived.

Students participating in online instruction offered at Northern Arizona Distance Learning (NADL) will be assessed a \$225 fee per .5 credit course taken outside of their normal schedule. Students enrolled in credit recovery courses may be charged a fee.

Students are expected to take pride in the school and its property. Any reckless, knowing, willful, intentional, or malicious damage or loss of school property may result in discipline, cost-assessment, and legal action involving the person(s) responsible.

Students who are recipients of the Empowerment Scholarship Account (ESA) must notify FUSD of their ESA status and are required to pay tuition for courses (.25 base support level per yearly course) and participation in athletics/activities and performing arts (2.5 times the annual athletic/activity and performing arts fee) per sport or performing art. ESA students are not eligible for the Family Max.
