

FUSD Bus Safety

For everyone's safety, students are expected to follow the school bus safety rules. Choosing to engage in unacceptable behavior will result in the denial of transportation privileges. Each student who rides the school bus is entitled to a safe, comfortable trip to and from school. Students must be respectful to the driver and all other riders. Misbehavior on a school bus is distracting to the driver and endangers all the passengers inside the bus and the traffic outside the bus. Parents will be contacted regarding unacceptable behavior.

Kindergarten Students: This notice is to remind you the F.U.S.D. Transportation Department has implemented a departmental policy that states: There must be a parent or responsible party designated in writing by the parent or guardian at the bus stop to meet the bus for all kindergarten students. Siblings or friends 1st grade and above are acceptable escorts if the parent or guardian has made that designation in writing and provides the letter to the driver. If a responsible party is not at the bus stop, the student will be returned to the school. We apologize in advance for any inconvenience that this may cause. In cases where there are numerous incidents of having to return the student to the school, it may result in denial of student's bus riding privilege for 5 days.

School Bus Rules: *Good conduct is expected of all students while at the bus stop, school loading zone, and/or traveling to and from school or on school related activities. Bus riders are expected to be courteous and respectful to fellow students and the driver.*
