A Summit High School Newsletter

Volume 3 Issue 1

## Family-Teacher Conferences Oct 9-11

Family Teacher Conferences will take place Monday, October 9 from 12:00pm to 3:00pm and Tuesday, October 10 from 5:00pm to 7:00pm. Family Teacher Conferences are a wonderful time to meet your student's teachers, better understand what's going on in your student's school, and understand how your student is doing.

This is a great opportunity to discuss how we can best support your student and make sure they reach their goals. Through this time, we can also discuss how you can access your student's grades at home through parentvue, answer any questions you have, and hopefully make you feel more comfortable contacting teachers with any questions or concerns.

## SPIRIT WEEK UPCOMING OCT 2-6

Spirit Week is coming to Summit High School October 2 to October 6. Monday, anything but a backpack. And Friday,

come to school in your school appropriate pajamas.

Tuesday, dress the same as someone else.

Wednesday, dress in your wackiest attire (e.g. wigs, mismatched

**Monday: Pajamas**

**Tuesday: Twin Day**

**Wednesday: Wacky**

**Thursday: Anything But a Backpack Day**

**Friday: School Colors Day**

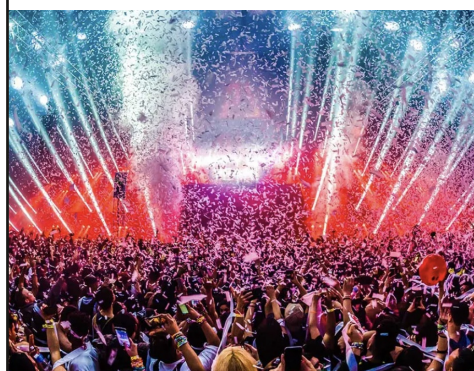

represent your school colors, purple and black.

Remember to dress

appropriately and have fun!

Posters are posted for more information.

## Family Night and Homecoming Dance October 3rd!

Summit High School is having its first ever Homecoming Dance thanks to Ms. Eberlein

Sandra Cortez-Brown, and a group of students. At 4:30pm until 6:00pm, we will have a dinner for families to come and take part. You can talk to teachers, play games, and eat some good food.

At 6:00pm until 8:00pm, the dance will commence. There will be a DJ bumping the music, dancing, food, and drinks. Outside guests must be approved by Ms. Eberlein. Come make the first ever Homecoming Dance a great time.

## Finals Week Oct. 9-11

Finals Week is going to be three days this quarter. Each day is a short day. Students will get out at 10:55am. each day that week. They will have periods 1 and 2 on Monday, October 9th, Period 3 and 4

on Tuesday, October 10, and all four periods on Wednesday, October 11.

There are 3 weeks until Finals Week. This is a great opportunity for students who are behind in classes to talk with their teachers

and make sure they get caught up.

Remember that at Summit grades roll to transcript at the end of each quarter, not each semester so the grade you receive will be permanent. Do your best!

## Summit Goes to Lake Mary!

In the first schoolwide field trip of not just the year but in more than four years, Principal Eberlein and Administrative Assistant Sandra Cortez-Brown organized for everyone to have the opportunity to go to Lake Mary.

With almost the whole school there, it's an opportunity unique to Summit that allows students to be in nature, away from the stresses of life and phone

reception. It is an awesome opportunity where students are able to kayak, paddle board, and hang out on the water. There were games, food, and hanging out with friends.

Principal Eberlein is excited to bring more events like this to the kids of Summit so that Summit is a place for learning and community.

## The Restorative Justice Corner with Ms. Wanland

Each week, each of our live classes holds a classroom connection circle, meaning that our students typically participate in 3-4 circles a week. Classroom circles help foster our school community by building connections between students, as well as between staff and students.

Ranging from silly to academic, from hypothetical to real life past experiences, circles provide the opportunity to pause from our curriculum and daily hustle to reflect, share and learn more about one another.

## Welcome Ms. Eberlein, Our New Principal

### **Why did you come to Summit?**

I've been in education for 24 years. I have found my passion is helping kids see their potential and being at the high school level helping kids get to graduation.

### **Fratelli's or NiMarcos?**

Tough to choose. The two best pies in town are Fratelli's Flagstaff pizza and NiMarco's South of the Border pizza. They're both so good, I can't choose.

### **Where are you from?**

I'm from Flagstaff. I went to elementary school in this very building, Summit High School when it was Christenson Elementary. I went to MEMS and then I went to Sinagua when it was a high school. It's a beautiful place.

### **What hobbies do you have?**

I love being outdoors, I love fishing, hiking, and playing sports.

### **What kind of place do you want Summit to be?**

A place where students can feel a part of the school, like they can have the high school experience, like having Homecoming.

### **What kind of student were you?**

I was a mediocre student. I passed but I was more preoccupied with softball.

### **Would you rather have pancakes for hands or sweat maple syrup?**

Pancakes for hand (without hesitation)

### **If you could make sure students knew one thing coming out of Summit, what would it be?**

To believe in their own potential.

### **What's the better mascot? Flag High's Dumb Eagle or Summit High's Majestic Raven?**

The Majestic Raven of course. I feel it fits our school well. Flies high but is underrated.
